Read:- Letter Ref. No. 145 of 23 dated 7th June 1923
from the President, Taluk Board, Kollegal.

S u b m i t t e d.

2. The credit taken for a provincial contribution in the Budget Estimate for 23-24 under the proviso to section 37 of the Madras Elementary Education Act includes Rs 10000 required for the construction of an elementary school building at Kollegal. The credit taken may be deleted and the attention of the Taluk Board may be invited to the remarks made by the District Educational Officer. Therefore the Board can be advised to

for 23-24 only for a sum of Rs 12,237 subject to subsequent adjustment, with reference to the savings, if out of the recurring subsidies paid in 22-23.

(3) It is presumed that the provision made in the budget estimate for 23-24 under ~~salaries of teachers~~ include an adequate amount required for the ~~payment of the~~ compensatory allowance in lieu of capitation allowance. (vide para 2 of the President's letter dated 2nd February 1923 to the District Board, enclosed).

(4) The figures entered in the summary under credits are incorrect and the Board may be directed to adopt the appropriate figures. The actuals of 21-22 would close with a balance of Rs 7,768 (Receipts:-Rs 31,091 minus Rs 23,323 charges) and the Board has not indicated how it was utilise

in the Budget only on the understanding that half the cost will be borne by the Board and the other half by Government. But now it has been deleted as desired by you.

3. The sum of Rs 1797 referred to in para 2 of your letter was included in the amount of Rs-15825 in the credit side under Appropriation from Government grant--(ii) under the proviso to section 37 of the act. On a perusal of the printed items given under - Capital-- in G.O. No. 1201 Law (Education) dated 10-10-23 it would be observed that there is no printed item to appropriate the sum of Rs 1797 direct from Government grant to the capital receipt, and hence it was taken credit from Government grant to Education--Ordinary- in the first instance and thence appropriate to the--Capital- and shown against "appropriation from Education--Ordinary" under capital.

4. With regard to the provision of Rs 25,000 for construction of Elementary School building at Kollegal, I have to state that on receipt of an audit memorandum from the President, District Board, Coimbatore, on the budget of this Taluk Board, it was suggested in my letter R.O.C. No. 145/K.T.B of 23 dated 2-7-23 (Enclosed) to reduce this sum to Rs 10,000 and accordingly the District Board have passed the budget of this Taluk Board with the modification suggested in this office. Since the District Board have adopted the figures furnished and the consolidated budgets despatched to Government, I think it will not be wise to alter the figures. If you have no objection to alter the figures the amount of Rs 10,000, provided in the consolidated budget may be expunged.

5. The total Revenue of the Taluk Board as per Revenue account in page 39 of the budget was only Rs 10869, and the same is further reduced by the District Board to Rs 8269 by reducing sum of Rs 2000/- under Land Cess. Thus the total revenue of the board as budgetted now comes to only Rs 8869. Owing to the isolation and the peculiar nature of the Taluk, the receipts of this Taluk Board are comparatively very low than the disbursement

General Revenue. In the year 22-23, it was not possible to run the services without a grant of Rs. 16,800/- from the Government. The Government were then pleased to sanction in their G.O. No. 28-6-22 a concessional grant of Rs. 16,800/- for the maintenance of the Education and Medical Institution.

6. The sum of Rs. 250 and Rs. 280 shown in the revenue account for 22-23 and the Budget estimate for 23-24 respectively have since been shown in the appropriate columns.

7. The detailed heads under "Capital" items have been shown as prescribed in G.O. No. 1201 L. (Finance) dated 10-10-22.

8. To avoid delay, I send the Budget estimate for 23-24 without obtaining the resolution of the Taluk Board. The revised Budget estimate for 23-24 prepared as per your instructions, the reply from the President, District Board, and the measures as altered in this office, as received only very recently, will be placed before the next meeting of the Taluk Board and its resolution sent to you soon after the meeting.

I have the honour to be,

Sir,

Your most obedient servant

President, Taluk Board.

Copy of this Office letter R.C.C. No. 1407/L. of 22 dated the 2nd February 1923, from the President, District Board, Vollel to the President, District Board, Cochin.

With reference to your letter R.C.C. No. 3132/L. of 22 dated the 25th January 1923, I have the honour to state as follows:

2. The total No. of teachers under the Vollel District Board on each scale with their pay and allowances is indicated here in a separate list attached.

With reference to Director of Public Instruction's Proceedings C. No. 1915/L of 22 dated 16-11-22 and with reference to R.C.C. No. 1164 Lax Education dated 3-10-22 the contribution allowance hitherto paid to the Board School teachers, has been completely abolished and consequently their pay has been raised by Rs 36 per annum per teacher.

3. In regard to para 3 of your letter, I have to inform you that if the teachers are to be paid only the allowances paid by Government in the year 1921-22 the additional amount provided for 49 untrained teachers now in service, as compensation in lieu of contribution allowance which comes to Rs 1764 may be deducted from salaries of masters and the balance of Rs 25985/- will be the actual amount required for 23-24. As it appears the District Board has to pay contribution of Rs 2520 to Elementary Education from its general revenue being half the cost of war allowance paid to the teachers. It is only on the above understanding the Government pay half the cost. Provision is made in the Budget for the allowances paid by Government in the previous years and we are therefore of opinion that there can be no material saving in the revision of scale is adopted as suggested by you except the of Rs 1764 referred to in supra. If this amount of Rs 1764 is provided for untrained teachers as compensation in lieu of contribution allowance is considered for the year 23-24, it will be made in the revised Budget for 23-24 for the said amount, untrained teachers are to be paid by the District Board.

ie soon after they are discharged from the training school and they will have to be paid the increased rate of pay.

4. With reference to para 4 of your letter, I have to point out that the Taluk Board is paying a house rent of Rs 660 a year and additional accommodation is to be provided as per letter No. 1079 dated 1-11-23 of the Sub Assistant Inspector, at a cost of Rs 240/- a year, for the Town Elementary School, Kollegal in which more than 400 pupils are studying at present; and a provision of Rs 25000 was made in the budget for constructing a school building for the same. The Taluk Board in its financial condition will not be in a ^{position} ~~position~~ to find funds from its own resources for constructing the school building and accordingly credit was taken from Government grant for Rs 25000; as application for funds was submitted to Government in this office Dis No. 728/22 dated 11-10-22 with reference to G.O. No. 1609 L & M dated 7-9-22. If the District Board consider that the budget estimate as passed by the Taluk Board, cannot be accepted, the amount of Rs 25000/- may be reduced to Rs 10000 in the current year and the balance may be paid in the next year as the building cannot be completed in one year. Further a sum of Rs 1100 provided under D. Public Health-Capital- (3) Drainage (4) construction of drains, may also be deleted since the Government in their Government Memorandum No. 15093-1 P.H. dated 5th January 1923 have declined to sanction the amount from Government grant. This G.O. was received only after the budget was passed and sent to you and hence it was not omitted from the budget provision. If the amount of Rs 15000 under Education-Capital- and Rs 1100/- under D. Public Health-Capital- are deducted, then the amount taken credit under Government grant will be Rs 45545-16100 = 29445.

In the above circumstances, I have to inform you that the budget estimate has been so framed as to obviate further retrenchment and I may also say that no further retrenchment is possible and that the provision made in the budget, is only for the actual requirement.

5. A list of all the expenditures of non-recurrent nature for which provision is made in the budget is furnished herewith.

6. Details for Rs 45545 taken credit under Government Grants is given below:--

7. In the Revenue account in page 39 of the Budget, where it has been taken for Rs 854 under Land cess. The statement furnished by the Collector does not show whether this sum is half of the total Land Cess to be collected and credited to the Taluk or the full amount to be equally shared between the Taluk and the District Boards. If only half the amount is to be taken credit then the total credit under the Revenue account will be only Rs 652; and thereby the closing balance of the budget will be raised from Rs -32583 to Rs -35095.

2. Details of the provision of Rs 22237 under section 7 of the Credit (Ordinary) account include Rs 10000 the cost of constructing a school building. Para 4 of the Taluk Board President's letter to the District Board President shows that this is intended to be a first contribution towards a total contribution of Rs 25000. So far as I know, plans and estimates have not been prepared for a new building, and the estimate of Rs 25000 for an elementary school building is, in my opinion, far too high. I recommend that the provision of Rs 10000 be deleted, and that the Board be asked to address Government separately on

Returned to ~~the~~ President, District Educational Council, Coimbatore with reference to his endorsement R.O. No.22/23 dated 21-2-23.

2. The budget estimate for 1923-24 comes to Rs.32000/- against the revised estimate for 1922-23 of Rs.31470-0-0. The former amount however includes a Provincial grant of Rs.1468/- towards the cost of the Kollegal Girls' School, so that the expenditure from ~~the~~ Taluk Board funds on elementary education is proposed to be reduced from Rs.314 to Rs.30532/- . This, I think, should be pointed out to Government.

3. I also think that the District Educational Council should record its opinion that it should be possible to erect a building for the Town Higher Elementary School

school for less than Rs.25000/- and that the attention of the
Taluk Board should be invited to the plan and estimates issued

The budget estimate of the Education fund under the control of the S. H. C. for the year 1923-24 is approx. subject to the following remarks: -

(i) The credit taken in the budget estimate for 1923-24 for Govt contribution under the proviso to Section 37 of the E. Act will be reduced to Rs 12,237/-

lyzed to Subsequent adjustment with
reference to the Savings, if any, on
recurring Subsidies paid in 1922.

on the budget in his ltr. no 216 of 23/

17.3.23

para 3 of p 13-1

(iii) It is presumed that the provision made
in the budget estimate for 1923-24 under "Salaries
& Masters" includes an adequate amount
required for the payment of the compensatory
allowance in lieu of capital allowance.

(iv) The actuals of 1921-22 close with a
balance of Rs 7732 and the Board has not
indicated how it was utilized. The President
was requested to make a special report on the point.

(v) The figures entered in the Summary
under credits is incorrect & the Bd. should
put the appropriate figure.

(v) In view of the large deficit
in the Bd's general budget, the con-
tribution from the Bd's general revenue
to the E.E. fund for 1923-24 will be
reduced from Rs 12,225 to Rs 10,375
the resulting deficit which may arise
thereby should be avoided by keeping
the expenditure within the income.
